

WHAT IS THE NEXT RIGHT ACTION?

PROBLEM:	What is the problem?			
Date: 6-22-20	While playing my guitar, the pick fell between the strings into the body of the guitar.			
EXPLORE:	Pause. Stopped for 10 seconds to consider the problem.			
	Urgency? Now. I want to play the guitar.			
	What Changed? The pick dropped into the body.			
	Emotions at play? Yeah lots of father daughter ones.			
	Agency: Under my control? Y – N. YES			
	Clarity? Super clear, get the pick out.			
	Acute or Systemic? Acute.			
	Happened before? Y – N. NO			
	If Y, how same or different?			
	Exact, measurable desired outcome?			
	Get the pick out.			
	Call a friend. NA			
	What system is involved? Dependencies?			
	Guitar, gravity, tools for extraction, other people in the room.			
	First Principal Thinking. NA			
	Turn it around. NA			
HYPOTHESIS:	Root causes of problem and possible solutions			
	Hypothesis	Likely?	Easy?	Total
1	Shake it out	5	5	10
2	Grab it with salad tongs	3	3	6
3	Grab it with chop sticks	4	3	7
4	Round 2: something sticky	5	5	10
5				
1: Not Likely, 2: Sorta Likely, 3: Maybe, 4: Pretty Likely, 5: Very Likely				
1: Hard, 2: Sorta Easy, 3: Average, 4: Pretty Easy, 5: Very Easy				
TEST:	One at a time, highest total score first			
	Problem solved? Y = Done, N = go back to Explore, Hypothesis, Test
